

PRESS RELEASE 09.09.2014

## **SEARCHING FOR EUROPE'S BEST**

### **PRIX EUROPA goes for top quality media productions**

Every year Europe's best television, radio and online productions are honoured in Berlin. A total of 13 PRIX EUROPA-Trophies will be handed over this year, including a lifetime achievement award for an exceptional media personality and a prize for the best newcomer in scriptwriting. 210 of the more than 650 works, entered by 294 organisations from 35 countries, managed to get into the competition.

### **Media Capital Berlin**

The whole European media landscape will concentrate in Berlin: from 18 until 24 October media professionals from all over the continent will be gathering in the German capital. Together they will screen the films, listen to the radio works, surf through the websites and vigorously discuss the nominated productions. In the evening of 24 October we will know which country has taken the lead in each category. Then the winners will take the stage at a festive awards ceremony in the Berlin Haus des Rundfunks.

### **Europe United**

PRIX EUROPA is organised by a coalition of 28 big European broadcasters and institutions, amongst them the European Broadcasting Union. One of its most long term supporters is the European Commission: this year it donates three of the thirteen prizes. Host is the German broadcaster Rundfunk Berlin Brandenburg. The President of the festival is Roger de Weck, Director General of the Swiss Broadcasting Corporation SRG SSR.
